Helping the Uninsured at the Capital Area American Heart Walk!

Baton Rouge, LA - As you know, the number of people in Baton Rouge without insurance is rising. Health Access America recognizes this problem and will have a table at the Heart Walk to give out educational material regarding health insurance. At the table, you can visit with a LaCHIP representative (a FREE health insurance program for children), a Louisiana Health Plan representative (an insurance program for those that cannot find insurance), a Louisiana Drug Card representative (a FREE discount drug card) and a member of the Baton Rouge Association of Health Underwriters (the elite group of health agents in BR). The American Heart Walk is Saturday, March 31, with registration starting at 8:00am at the LSU parade grounds.

For more information regarding partnering with Health Access America and strengthening the quest to reduce the number of uninsured in Baton Rouge, contact Health Access America's Baton Rouge office at 225-921-6711.
